GOING HOME TO STAY
A Guide for Successful Reentry for Men and Women
**TO THOSE CURRENTLY OR FORMERLY INCARCERATED**

The six of us served time in prison, but have successfully remained in the community by making changes in our lives. Everyone must find their own way, but we encourage you to use this booklet, and we offer our advice to help you in your reentry to the community.

— Dennis, Edward, Mansfield, Marques, Maryum and Rakin

- Change what is inside your head — reinvent and improve yourself.
- Live in prison how you will live outside — focus on attitudes, behaviors and habits.
- Set realistic goals and take necessary steps to achieve them.
- Don’t rush it — have patience — one day at a time.
- Persevere — develop an attitude of not giving up.
- Think before you act — one false move and you could be back.
- No one owes you anything — no chip on your shoulder.
- Find your own spirituality.
- Stay in a positive living situation.
- Apologize to your victims.
- Keep in touch with family members — rebuild relationships and bonds of trust.
- Talk to your children — apologize for not being there — stay involved.
- Carry yourself with dignity and respect — you will be more likely to be treated that way.

**ALCOHOL AND OTHER DRUG ABUSE TREATMENT**

If you need help for an alcohol or other drug related problem and don’t have insurance or the ability to pay, the phone number listed below can direct you to places that may help. Whether you’re in need of an assessment, sober housing, a support group like Alcoholics Anonymous, or a treatment program, there is hope.

Dial 211 or 216-436-2000 24 hrs. a day if you need to find a place that can help.

To help you understand your options, the following information may be helpful for you or someone you know.

- **Agencies** that offer treatment provide an **assessment** as a first step. An assessment involves collecting information from you to help determine if treatment is needed and if so, what type.

- **Detox** helps lessen the body’s physical need for alcohol or specific other drugs. This is only needed and available in certain cases. Services are generally offered over a 3- to 7-day period.

- **Inpatient or residential treatment** programs require that you stay at the treatment center while you are involved in the program. Stays can last 30 days or longer.

- **Day treatment** programs do not require you to live at the treatment center, but they have a schedule that is similar to an inpatient or residential treatment program. You generally have to attend the program every weekday for a full day.

- **Outpatient treatment** programs do not require you to live at the treatment center and don’t require as much time as day treatment. Services can range from a few hours per week to 3 hours per day, 3 days a week, for several weeks.

- **Counseling** is generally offered on a one-to-one basis, but may also be offered in a group. Counseling services usually have a specific focus and sessions are scheduled at mutually convenient times.

- **Relapse prevention programs** offer structured support (generally 1-2 hours per week) for people who have completed treatment and want additional help to maintain an alcohol- and drug-free lifestyle.

CHILD SUPPORT AND CHILD CUSTODY

Child Support Tips:

• The parent paying child support is called the NON-CUSTODIAL PARENT or OBLIGOR.

• The parent receiving child support is called the CUSTODIAL PARENT or OBLIGEE.

• A Support Order tells you how much child support must be paid each month. If you have to pay child support, you are still responsible for that amount the whole time you are in prison. In fact, the total amount you owe keeps increasing unless payments are being made on your case.

• If you are incarcerated, check with your worker. You may be eligible for a modification of your order.

• Notify the Support Enforcement Agency anytime your address, phone number or employment changes.

• If you are the one that is owed child support, contact the Support Enforcement Agency to see what you can do to start collecting again once you are released.

• Do not make payments directly to the custodial parent. That will not count. You will still owe that money.

• Pay the amount you owe each month. If you are having trouble paying this amount, contact the Support Enforcement Agency right away. You might be able to get your payment changed through a Support Order Modification if you qualify.

FATHERS MATTER
Social Services Designed for the Unique Needs of Fathers

What kind of help do you need?
• Childbirth education for new dads
  • Education and support
    • Employment
  • Father / child activities
• Legal issues, child support, custody / visitation

www.fatherhoodinitiative.cuyahogacounty.us
We have options for you.

The Cuyahoga County Fatherhood Initiative: 211 or 216.436.2000
• If you are more than one month behind in child support, your driver’s license can be suspended before your incarceration or after your release. Your driver’s license will not be suspended while you are incarcerated. If, upon release, you find that it was, contact your worker right away.

• The agencies listed on page 10 may help with issues regarding child support.

• You could go back to prison for not paying child support.

Support Order Modification
In some cases, you may qualify to get your Support Order modified (changed) while you are in prison or right after you get out, so that the amount you have to pay each month is less. This process takes several months.

Modification does not help with what you already owe. Your new payment amount would not start until the month after the entire modification review process is completed. Even with a new Support Order payment, you will still have to pay off the past due child support that you owe.

Because the State of Ohio does not consider being in prison an automatic reason not to pay child support, you must qualify for modification under one of the following reasons:

• Three years have passed since the establishment of the Support Order or the last review process
• Loss of employment for 30 consecutive days or more
• Verified disability
• Incarceration beyond the child’s 18th birthday
• 30% change in gross income
• Children are 18 or older and no longer in high school
• To determine the availability of health insurance

Don’t worry too much about whether you qualify under these guidelines. Just contact the Support Enforcement Agency and explain your situation, such as a lack of a job, and they will let you know if you qualify. If you request a modification while you are still incarcerated, the new support payment will be based on the amount of your prison wages.
Upon your release, contact the following agency by phone:

**Cuyahoga Child Support Enforcement Agency (CSEA)**

**Re-entry/Incarceration Team**

**PO Box 93318, Cleveland, OH 44101**

Call the phone number listed below according to the first letter of your last name:

- A - K: (216) 443-5166 and L - Z: (216) 443-5317

For ex-offenders 6 months or more since release, contact:

**Cuyahoga Child Support Enforcement Agency (CSEA)**

**PO Box 93318, Cleveland, OH 44101**

Contact can also be made in person at all Neighborhood Family Service Centers (welfare offices) throughout Cuyahoga County.

**Getting your driver’s license back after not paying child support**

If you owe one month or more of your child support obligation (default), your driver’s license can be suspended.

If your driver’s license has been suspended, you must either pay the full amount that is owed or have payments deducted from your paycheck or bank account. If your driver’s license was suspended while you were incarcerated, contact your Support Officer worker right away for resolution. You must contact your Support Officer to discuss the details specific to your case.

**Full payment of arrears (the amount that you owe) can be made as follows:**

If you need to make a cash payment, then you must make the payment in person at the Cashier’s Office of the Cuyahoga County Treasurer. Make sure you get a receipt. You can take your receipt to CSEA to get a Reinstatement Form the same day.

**Cuyahoga County Treasurer - Cashier’s Office**

**216-443-7412**

**1219 Ontario St. Rm. 121, Cleveland, OH 44113**

You can go to CSEA and pay with a money order or cashier’s check to get your Reinstatement Form on the same day. If you pay with a personal check, you will have to wait up to 10 days before you get the Reinstatement Form.

Payments by mail must be sent to Ohio Child Support Payment Central (OCSPC). They accept money orders, cashier’s checks, and personal checks. Be sure to include your case number or Social Security number with the payment. You will have to wait up to 10 days for the payment to clear before you can get the Reinstatement Form.

**Ohio Child Support Payment Central (OCSPC)**

**888-965-2676**

**PO Box 182372, Columbus, OH 43218-2372**

- If at any time you have questions or just want to check to see if your payment cleared, contact your Support Officer for assistance.

CLOTHING

If you do not have clothing sent to you by your family or friends, you will have to wear your prison clothing when you are released. Some prisons will allow people to send you clothing to wear upon release. Ask your institution if they will accept and keep a packet of clothing for you to wear when you are going home and what your family or friends will have to do to get the clothing to you.

If you do not have family or friends to help with clothing and you need clothing right after you are released, try the following:

- If you are staying at a homeless shelter or seeking help from an agency that helps ex-offenders, ask them if they can provide you with some clothing. Sometimes they can help if clothing is available.

- The following organizations may be able to provide you with clothing shortly after your release. It is best to call before going, because they may only be open one or two days a week and some may require an appointment.

- If you need more clothing later on, call 211 or 216-436-2000. This is a 24-hour information service that can help direct you to places that provide free clothing in Cuyahoga County.

EDUCATION

If you are in an employment program or are working with an agency that helps ex-offenders, ask them if they may be able to help you find or pay for your education. You may also try the options listed on the following pages.

GED

Improving your reading and math skills may increase your chances of getting a job. If you did not finish high school, your first step is to work toward a GED. A GED is a certificate for people who did not finish high school and do not have a high school diploma. In order to get a GED, you will need to pass a GED test. There are programs that will help you improve your skills so that you can earn your GED.

The Adult Basic Literacy Education (ABLE) Program offers help for adults who want to improve their basic reading and math skills or prepare for the GED test. Some places offer English for Speakers of Other Languages (ESOL), social studies, science, employment skills, and citizenship preparation. These classes are free of charge but there will be a fee for the GED test. The cost for the initial test is $40 which includes five sections. The cost to re-take any section of the test is $10 for each section, with the maximum fee for retaking the test being $40.

To find places offering GED classes and other literacy programs, call 211 or 216-436-2000.

Ohio Literacy Network  800-228-7323
ohioliteracynetwork.org
Provides the opportunity to study for the GED through either a computer-based program or television-broadcast. Practice tests for the GED are also offered.

School and Career Counseling

It is a good idea to speak with a professional who can help you make decisions about your education. There are places you can go that will help you choose and apply to a college or other school.

Trade and Technical Schools

These schools teach the skills needed to work in areas such as carpentry, welding, truck driving, electrical work, cosmetology, computers and day care. You may or may not need a high school diploma or GED.

Look under “Schools” in the Yellow Pages to find technical and trade schools.

Your local library may be able to provide you with information. The Cuyahoga County Public Library Web site offers a Cleveland Area Education Directory, which lists trade schools, specialized training, colleges, adult basic education and GED classes located in Northeast Ohio. Go to cuyahogalibrary.org. If you need assistance, ask the librarian to help you.

Colleges / Universities

Colleges and universities offer courses for people who want to earn a degree beyond a high school diploma or GED. There are many colleges and universities, and they each have different requirements you must meet before you can be accepted as a student. Two local schools are listed below. Classes are offered at several locations.

Cleveland State University (CSU) 216-687-2000
2121 Euclid Ave., Cleveland, OH 44115

Paying for School / Financial Aid

There are services that can help you pay for your education. Call the Financial Aid Office at the school where you would like to attend and ask about the different types of aid that may be available. If you are in an employment program, ask them for help with finding money to help pay for your education.

There is money offered through the federal government, state government and schools that may be available to you to help you pay for your education. If you are looking for help to pay for school, you should complete and submit a FAFSA - Free Application for Federal Student Aid. Under a new federal law, students who were convicted of drug crimes prior to their enrollment and application for federal financial aid, will no longer be subject to a delay or a denial of aid due to their conviction. As of July 1, 2006, the federal financial aid ban will only apply to students who are convicted of a drug offense while they are in school and receiving federal financial assistance.

Towards Employment

towardsemployment.org

Our 4-week training program is the first step along your pathway to success. We will help you to prepare for the job, get the job, keep the job and move into a career. New workshops start each month.
EMPLOYMENT

1. Gather all documents that an employer would need to hire you.
   Here are items you may need:
   • Driver’s License or State ID
   • Social Security Card
   • Original or Certified Copy of your Birth Certificate
   • High School Diploma, College Diploma or GED
   • Vocational Certificates
   • Inmate educational record/transcript
   • Résumé
   • A list of three references (names and phone numbers of people who can comment about your work ability)

2. Clean up your criminal record and credit report. Make sure wrong information gets fixed and see if you can have a past conviction or arrest expunged/sealed. See page 61 for information.

3. Understand your rights.
   • An employer cannot generally use your arrest record to deny you a job.
   • An employer may review your record of convictions and can consider the relationship between the conviction and the job in deciding whether to employ you. The employer has a lot of freedom when making this decision.
   • An employer may conduct a background check on you. If the employer conducts the background check himself, he does not need your permission to do it. However, if the employer asks a third-party to do it (like a security company), they need to let you know and get your written permission. If they use anything in that report to deny you a job, you have to be provided with a copy of the report and a period of time to dispute the entries.
   • There are laws in Ohio that prohibit people with certain convictions from working in some jobs. The types of jobs with legal prohibitions are generally in the areas of childcare, education, law enforcement, nursing and home health care – areas where there are “vulnerable” populations like children and older adults.
Employment

• If you want a career where a professional license is required or helpful (such as a social worker), make sure you check with the agency that grants the license before you decide to go into that career. See if they will give a license to someone with your type of conviction. Many agencies do not have an outright ban on all ex-offenders.

• There are no specific laws that protect ex-offenders from job discrimination simply because they are ex-offenders. But, there are laws that protect people from discrimination based on race, color, religion, national origin, sex, age, disability and genetics. Sometimes, it gets hard to tell what caused the discrimination. If you think you were passed over for a job, or discriminated against in other ways that have to do with employment, you can file a Charge of Discrimination with the agency listed below. You can file a charge by telephone, in person or over the Internet. They will contact you after they receive it.

4. Learn about Fidelity Bonding.

If you were convicted of a crime such as theft, forgery, embezzlement or other “dishonest” act, there is a FREE federal fidelity bonding program that may help you get a job. The fidelity bond is a short-term insurance policy for the employer. It reimburses the employer should you steal anything. You can let employers who are thinking about hiring you know about this program. There are a few things you should know:

• You have to have a job offer for permanent work of at least 30 hours per week to qualify.

• Coverage is up to $5,000 for six months.

• The employer should phone for information.

5. Learn about the Work Opportunity Tax Credit (WOTC).

WOTC is a tax credit for the employer. It is meant to encourage employers to hire ex-felons and other people who might have a hard time finding a job. The employer could get as much as a $2,400 tax break per worker. You can let employers who are thinking about hiring you know about this program.

The employer just needs to complete two forms within a certain time period after the start-to-work date. Forms and directions are available from the agency listed below. This program may end August 31, 2011.

9. Consider temporary employment agencies.

These agencies place you in jobs at different companies for short periods of time. You are employed by the temporary agency, not the company. You may work at a company for one day, one week, or for many months. Temporary jobs can, but don’t usually, result in permanent employment. You are generally paid weekly.

It is a good idea to sign up with more than one temporary agency because each may have different job openings and pay rates. Make sure you understand exactly how much you will be paid, and what benefits are offered. Many temporary agencies do not offer health care or paid vacations. Always get information about your pay and benefits in writing and keep a copy.

10. Consider day labor temporary agencies.

FOOD

Food Assistance (Food Stamps)

The food assistance program is for those with very little income and assets. Instead of food coupons, Ohio issues the Ohio Direction Card. It works like a debit card. Each month, money is transferred to the card electronically for you to buy food.

- People who have committed a felony may still apply for food assistance.
- Single men and women may apply for food assistance. It is not necessary to have children in the household.
- For a single person with no children, you can make around $1,174 per month or $14,088 per year and still qualify.
- If you think you might be eligible, you should apply.
- The maximum a one-person household may get is $200 a month.

If it looks like you might qualify, you will be asked to also apply for unemployment compensation when you apply for Food Assistance. You will still get Food Assistance right away, but your income will be budgeted.

Cuyahoga County Employment and Family Services 216-987-7000
Main Office (there are several offices throughout the county)

School Breakfast and Lunch Program

This program provides free or low cost breakfast and lunch for school children from lower income families. Kids in this program receive the same food as those who pay full-price, so your child will not feel bad or singled out. Contact your school’s pupil services office to apply. A list of City Hall numbers is located on page 87.

Home-Delivered Meals

These programs deliver meals to the elderly and/or disabled who can’t shop, prepare food for themselves, or travel to a location where they can get food. Unfortunately, many of the free or low cost programs have waiting lists.

WIC provides food coupons, information on healthy eating and referrals to healthcare. The food coupons can be used at the grocery store to buy milk, formula, baby cereal, cereal, fresh fruits and vegetables, cheese, eggs, and lots of other products. You can continue getting help until your child's 5th birthday.

You may qualify if...

- You are lower income (185% of the Federal Poverty Guidelines) AND
- You are pregnant OR
- You have a child up to the age of five OR
- You gave birth, had a miscarriage or an abortion no more than six months ago.

Food pantries are places that will give you a free bag of groceries once a month or in emergency situations. Call **211 or 216-436-2000** for the phone number of the pantry that serves your area.

- The bag is usually packed according to family size and has enough food for about three meals a day for three to five days.
- You can expect to get canned and boxed food such as cereal, pasta, tuna and soup. On occasion, you may be able to get fresh fruit, vegetables or meat.
- Some pantries will also give you personal hygiene products such as soap, toilet paper and toothpaste. Places that provide clothing or showers may also have these items. See pages 11 and 13 for more information.
- Most pantries request you to show proof of income, a photo ID and proof of where you live (like a utility bill). However, most will serve you ONCE without these items. If you have trouble getting a photo ID and need to go back to a pantry, call the Hunger Network of Greater Cleveland at 216-619-8155 x17 for help.

HEALTH CARE / DENTAL CARE

It is very important that you have medical care. One way of getting care is to get health insurance. Most people get health insurance through their employer because it is very expensive to get on their own. People who are low income, are disabled, or are 65 or older, may be able to get government health insurance to pay for their health care. If you don’t have health insurance, try the following options.

Medicaid

Medicaid is health insurance paid for by the government. There are two types of Medicaid: Covered Families and Children (CFC) and Aged Blind and Disabled (ABD). CFC is for low-income families with children living in the home (in some cases may cover young adults age 18-21). ABD is for those who are age 65 or older and/or for those who are blind, or have a disability. You must prove that you have applied for or are receiving Social Security Disability income (SSD) to receive this coverage and there are income restrictions that may affect the way this coverage is provided. Certain health care providers have agreed to accept Medicaid Insurance. When you seek care, you should always ask the provider if they accept Medicaid.

Medicaid covers some prescription drugs, doctor visits, hospital care, laboratory and x-rays, medical equipment and supplies, some dental care, mental health (including some prescription medication), vision, alcohol and drug rehabilitation and other services. Some services will have small fees that you will have to pay. For seniors and disabled, Medicaid may pay for long-term care.

- You may apply for Medicaid on the day you are released from prison.
- If you were eligible for Medicaid at the time you entered prison, and you were incarcerated for no longer than 12 months, you will be issued a temporary Medicaid card (good for 60 days). You must reapply for Medicaid during those 60 days.
- If you are 65 or older and low-income, or if you have qualified before for Social Security Disability or SSI, you will probably qualify immediately for Medicaid.
- This program may help pay medical bills dating back three months from your application date but not further back than your date of release.

You can apply at your local Neighborhood Family Service Center (welfare office). Call 216-987-7000 for locations. If you are a family with children, you can call 216-987-7346 and complete the application by phone and mail, but it may take a little longer than applying in person.
**Medicare**

Medicare is a health insurance program for people age 65 and older, or disabled people younger than 65, who have worked under the Social Security system or are dependents of someone who has.

Medicare provides hospitalization coverage (Part A), supplemental insurance for things like doctor’s visits (Part B), and offers prescription drug coverage (Part D). Medicare Part C (Medicare Advantage Plans) is through private companies that provide Part A and Part B benefits to anyone eligible to enroll, many plans cover prescriptions as well.

- When you go to prison, you do not lose your Medicare Part A (hospital insurance) benefit, so you don’t need to re-enroll.
- You will only lose your Part B (Supplemental Insurance) and Part D (medication) if you stopped paying for it while you were in prison.
- If you stopped paying for Medicare Part B, or Part D, you should re-enroll within 63 days of release. Otherwise, you may be penalized for late enrollment or you may have to wait until the next general enrollment period (January through March) for coverage to start the following year. You may be subject to a higher premium when you re-enroll.
- Medicare offers a subsidy to help pay costs associated with its Part D program. If you qualify based on your income (150% or less of the Federal Poverty Guidelines) and assets, it may pay part of your premium, deductibles, and/or co-payments for services provided under Part D. The amount of help varies depending on income, family size and the person’s resources.

MedRefer

Helps people apply for drug company programs which provide prescription medications free of charge or at a reduced cost. Must not have any type of insurance that covers the medication (most programs are not open to those who are eligible for Medicaid or Medicare). You must have a doctor who can prescribe the medications (if you do not have a doctor, consult one of the community health clinics listed on pp. 29-30). This service is only for prescription drugs and cannot help with durable medical supplies (such as Oxygen, bed lifts, wheelchairs, etc.). In most cases, there is nothing available for pain medications/narcotics. It can take four to six weeks to get the medication. Check with your doctor if you need immediate medications. You will need to supply a permanent phone number and address when you call.

Community Clinics / Health Clinics

These are health care clinics that provide primary medical care for people who are uninsured or underinsured (although some clinics may also accept Medicaid, Medicare, or other insurance). Services may be provided free of charge or, more commonly, for a fee that varies according to your income. If you need prescriptions, many clinics either partner with a drug store/pharmacy so that you can get your medicine for free or a reduced fee, or have an on-site pharmacy. You must be a patient at those clinics to get help with prescriptions. They will not fill prescriptions written by other doctors. Most clinics require an appointment and you may need certain documents, so it is best to call ahead. Also, drug companies often have “patient assistance” programs that give medicine for free or reduced cost. Staff at the health clinic may be able to help you access those programs.

HCAP (Hospital Care Assurance Program)
Free Care at Ohio Hospitals

Every hospital in Ohio is required by law to provide basic, medically necessary, hospital-level services (both inpatient and outpatient) free of charge to people whose incomes are at or below the federal poverty level and who are not currently receiving Medicaid (may be on Medicaid spend-down, if you have not reached your spend-down amount for the month of treatment). This program is independent of immigration status, and requires no proof of status.

The hospital is required to notify patients of this program and must help people apply. Ask about this program. HCAP applies only to care by hospital employees in hospital facilities, not to independent corporations or private practices not under the hospital. However, a patient should request an “award letter” stating his or her qualification for HCAP, and show this to non-covered providers, who may choose to reduce their fees. Those with low incomes who do not qualify for HCAP should ask about individual hospitals’ charity care programs.

Many hospital systems offer discounted services based on income (often, above the HCAP income limits) for the uninsured. If you are receiving care or need care from a hospital – make sure to ask about these income based discounts.

HOUSING

At least eight months before you are released, you should start thinking about where you will live. Work with your case manager to create a plan. Case managers on the outside at the reentry programs (see page 3 for a list) may also help you find housing. Think about the following options.

Permanent Housing

1. LIVING WITH FAMILY OR FRIENDS

Living with family or friends may be your best option. If you are planning on living with family or friends, make sure you tell your case manager about any criminal history of the people you will be living with. You may not be able to live with certain people. It is better to tell the case manager up front so you can get approval. Otherwise, you may be violating the conditions of your parole/post-release control.

2. RENTAL HOUSING

To find an apartment or house to rent, try the following:

- Look in the classifieds section of the local paper, The Plain Dealer, or try the free or local papers around town. The Plain Dealer apartment listing is also available on the web at realestate.cleveland.com/for-rent.
- Use the HousingCleveland.org website to find affordable rentals. You may also dial 211 or 216-436-2000 for information.
- Walk or drive around the neighborhood you want to live in. For Rent signs are often posted on lawns and in windows.

Subsidized rental housing

Some rental housing is called subsidized because it is funded in some way by the government or by other sources. Because of this, you pay rent based on your income or a fixed rent that is generally less than other units on the market.
Some subsidized housing units can be found on the HousingCleveland.org website. You may also dial 211 or 216-436-2000 for information or try the resources listed in the following sections.

- **Public housing:** This is government-owned housing. There are two public housing agencies in Cuyahoga County—Cuyahoga Metropolitan Housing Authority (CMHA) and Parma Public Housing Agency. Parma Public Housing Agency is not accepting applications at this time but estimates they may begin accepting them by 2013. All public housing may have long waiting lists—two years is not uncommon. However, this varies. Some persons (such as older adults or veterans) may be given priority for certain units and get in faster.

There are income and other eligibility requirements that vary by public housing authority. There are also some specific restrictions affecting ex-offenders, but many ex-offenders may still qualify for public housing. You are generally expected to pay 30 percent of your income for rent.

**Here are some rules of all public housing authorities:**

- Federal law prohibits admitting households that include a member who has ever been convicted of methamphetamine production on the premises of federally-funded housing.

- Federal law prohibits admitting households that include a member who is subject to a lifetime registration requirement under a state’s sex offender law.

- Ultimately, the housing authority may deny admission to any applicant whose habits and practices may reasonably be expected to have a negative effect on other tenants or on the facility.

**CMHA-specific rules:**

You cannot be placed on the waiting list if you:

- are over the income requirement or
- are under 18 and not emancipated or
- owe money to CMHA.

**All others are permitted to apply and can be placed on the waiting list.**

Full eligibility is not determined until you reach the top of the waiting list. This means that you may apply before you actually qualify for acceptance. Since you may be on the waiting list for several years, if you think that you may qualify for acceptance by the time your name reaches the top of the list, you should apply.
Those who have been convicted of the following crimes may apply, but will be barred from admission unless it has been at least one year since the completion of their sentence (your sentence includes legal supervision after being released).

- Felony drug-related criminal activity that involves the manufacture, sale or distribution, or the possession with the intent to manufacture, sell or distribute, a controlled substance.

- Homicide, rape, sexual assault, sexual battery, gross sexual imposition, child pornography, corruption of minor, child endangerment, child enticement, arson, kidnapping or abduction.

There are other reasons that someone may be denied admission, including current alcohol or drug abuse, fraud in connection with certain housing programs, etc. In addition, any of the Federal bans mentioned on the prior page will result in automatic denial of admission.

To be eligible, you must also have satisfactory references from previous landlord(s), have no outstanding rent balances at CMHA or any other subsidized housing, be able to obtain utilities in your name, agree to comply with the CMHA lease agreement, have a Social Security number or documentation supporting its non-existence, and be in good standing with any other subsidized housing program in which you have participated in the past.

**If you provide untrue information about your situation on purpose, you will lose your CMHA housing or will not be allowed to stay on the waiting list for CMHA housing.**

**CMHA application process**

Applications are accepted Monday through Friday 8:00 a.m. to 4:00 p.m. at the following location. People age 50 or older or disabled can request that a pre-application be sent to them by mail.

**Carl B. Stokes Social Services Mall, First Floor**

6001 Woodland Ave., Cleveland, OH 44104

cmha.net

You will need to bring the following with you:

- Photo ID for each person age 18 or older.

- Social Security numbers for all household members (or documentation supporting its non-existence).

- Official proof of birth date (birth certificate, driver’s license, state ID, clinic card, etc.).
• The names, addresses and phone numbers of all landlords for the past five years.

• The addresses and dates of residence if you lived in public housing before or had a Housing Choice (Section 8) Voucher.

• If divorced, a copy of the divorce decree.

• If pregnant or disabled, a doctor’s statement.

• Verification of income and assets (Social Security, bank accounts, paycheck stubs, child support orders, etc.)

**CMHA appeals process**

If you were denied a place on the waiting list, or were determined ineligible and you think that it was wrong, you may appeal.

• You can request a review within 14 calendar days of your written notice of ineligibility/denial.

• The review must happen within 30 calendar days of receipt of your request.

• You can present oral or written objections and you may be represented by an attorney or any other person that you choose (but you must obtain your own attorney).

• The final decision must be made within three days of the informal review and the applicant must be notified of the final decision within five days of the decision date (not the informal review date).

**Assistance with the appeals process**

Try contacting the following free legal program:

**Legal Aid Society of Cleveland** 216-687-1900

[lasclev.org](http://lasclev.org)

Helps those with incomes at or below 125% of the Federal Poverty Guidelines. Currently, this is approximately $13,500 a year for a family of one and $27,500 a year for a family of four. However, they will consider people with incomes up to 200% of the Federal Poverty Guidelines.

If you don’t qualify for free help, you can try contacting the following agencies to get a referral to an attorney:

**Cleveland Metropolitan Bar Association** 216-696-3532

[clemetrobar.org](http://clemetrobar.org)

• **Housing Choice vouchers**: Housing Choice vouchers were formerly known as Section 8 vouchers. If you qualify for a voucher, you have to find a private landlord that is willing to lease to you and accept the voucher. You will generally only pay 30% of your income toward rent.
The two public housing agencies in Cuyahoga County each operate voucher programs. Neither has an open application process. Initial applications are generally accepted once every three to four years. These events will be publicized about 20-30 days ahead of time and people must apply as directed. Each agency holds a lottery and creates waiting lists from the forms submitted. There is no lottery scheduled in the immediate future.

People who are very low income and have special needs may not have to wait for the lottery to get a voucher. There are a certain number of Housing Choice Vouchers set aside for people with special needs. These vouchers can be accessed through the Gateway Voucher Program or the Mainstream Voucher Program. People who may qualify for these vouchers are youth who are aging out of the foster care system, people with AIDS, people with physical or mental disabilities, people with developmental disabilities, and people who are homeless. Even though you do not have to go through a lottery, there is a waiting list for these vouchers.

You apply for these vouchers at various participating agencies rather than through the public housing agencies. Please call 211 or 216-436-2000 for more information and a referral to these agencies.

1. **EX-OFFENDER HALFWAY HOUSES**

Halfway houses are community residential programs providing supervision and treatment services for offenders released from state prisons, referred by Courts of Common Pleas, or sanctioned because of a violation of conditions of supervision. Halfway houses provide services such as drug and alcohol treatment, electronic monitoring, job placement, educational programs and specialized programs for sex offenders and mentally ill offenders. Some facilities may not accept violent offenders, sex offenders or those convicted of arson.

Some halfway houses offer the **Transitional Control** program which is available to inmates who are reviewed and determined eligible by the Ohio Parole Board. Upon the sentencing judge’s approval, appropriate inmates may be placed on Transitional Control and transferred to a halfway house to complete up to the last 180 days of their prison term. Employed offenders doing well in the program may be stepped down on electronic monitoring in an appropriate home placement. The emphasis of the Transitional Control program is to provide offenders with resources for employment, education, vocational training and treatment so that they may transition to their home community more successfully.

Halfway houses must meet standards set by the American Correctional Association (ACA) and licensing requirements of the Ohio Department of Rehabilitation and Correction.

2. SUBSTANCE ABUSE HALFWAY HOUSES

Halfway houses for substance abuse are places that provide room and board, structured alcohol or other drug addiction treatment services, individual counseling and living skills instruction for people with alcohol and other drug addictions. It is seen as a form of treatment, rather than housing, but it is one option if you have a substance abuse issue. Some halfway houses will only accept people who have been through their other treatment programs, or those who have a referral. There may also be other eligibility restrictions.

If you committed certain types of crimes, you may not qualify, or there may be a waiting period. You may or may not be able to be released directly to a halfway house from prison.

3. TRANSITIONAL HOUSING

These facilities provide a temporary place to live and supportive services for people who are trying to live on their own, but who do not currently have the money to do so. Transitional housing programs are generally for people who are homeless. People coming from prison are not considered homeless right away. See page 43 for a definition of homeless. Generally, people pay 30 percent of their income for rent and utilities or a low fee (lower than most rental units). Length of stay varies greatly but could be up to two years.

Security deposits could be required. A referral from a social service agency or caseworker may be required. You may not be able to be released directly to transitional housing from prison. Call the individual agency for details.

People with mental illness are generally accepted if they are stable and able to take their own medication. There may be some restrictions on the ages
of children allowed, restrictions on alcohol and drugs and, if you committed certain types of crimes, you may not qualify, or there may be a long waiting period. This is not considered emergency housing. See the “Shelters” section on page 43 if you need immediate housing.

They are also known as “emergency shelters” because you have fairly quick access to them (there is no complex application process). There are shelters for specific populations such as those who are mentally ill, have disabilities, are older adults or are victims of domestic violence.
The shelter system is made up of specialized shelters and overflow shelters. You want to try to gain access to a specialized shelter first. You do this by calling **211 or 216-436-2000**. They know which shelters have beds available and can refer you to the right place to meet your needs.

IDENTIFICATION / PAPERWORK

Record of Arrest and Prosecution (RAP Sheet)

Your criminal record may consist of your arrests, convictions and/or other dispositions (such as a dismissal of your case). Here are a few important things to remember:

- You may need to contact several different agencies to get complete information and to make sure all records are correct.
- Know what you want. Do you need only your arrest records, or do you want to see your dispositions (outcome of your case such as a dismissal)? Do you want to see felonies, misdemeanors, or both?
- If you just want to view a detailed record of your felony cases in Cuyahoga County, try the Clerk of Courts online database. It is FREE at www.coc.cuyahogacounty.us.
- If you want to make sure all records are correct, some people recommend starting your search with the city in which you were arrested and working your way up through the county.

Arrest Records

To get a copy of your arrests, it is best to start with the criminal records unit of the police department in which you were arrested. In Ohio, your arrest record is public information and anyone who has your identifying information can request it. However, employers are generally not allowed to use your arrest record (unless it leads to a conviction) to deny you a job.

Arrest records do not show whether the case was dismissed or if you were convicted. You have to go to the County Clerk of Courts, the State Bureau of Criminal Identification & Investigation, or a private security company for that information (see page 48).

For your arrest record with the City of Cleveland Police, use the information listed on the following page. For all other police departments, contact the city hall listed on page 87 for the correct number. If you were arrested by the Cuyahoga County Sheriff, see page 47.
CITY OF CLEVELAND ARREST RECORDS
The City of Cleveland Div. of Police has information on all felony and misdemeanor arrests made by their department. You can request this in-person or by mail. It is faster to get it in person. It can take one to two weeks by mail. You will need to complete a request form. Be prepared to have the following:

• First name, last name and middle initial of the person who was arrested, including maiden name or any other names used
• Birth date and Social Security Number of the person
• Your phone number
• Self-addressed stamped envelope (for mail requests)
• Fee (five cents per page. Usually it is only one page. Rarely does anyone exceed 25 cents, it all depends on the length of your record.) Cash or money order only.

Cleveland Div. of Police 216-623-5271 or 216-623-5272

CUYAHOGA COUNTY ARREST RECORDS
The Cuyahoga County Sheriff’s Department has information on all felony arrests (and a few misdemeanors they have processed) that have occurred within Cuyahoga County.

If you were arrested on felonies in multiple cities within Cuyahoga County and/or by the Sheriff’s Department, this is where you could get your entire felony record for Cuyahoga County.

The record will show the date of the arrest, the charges, and the Cuyahoga County case number.

You can request this by mail or in-person. It will only take a few days to process mail requests. Be prepared to have the following:

• First and last name of the person who was arrested, including maiden name or other names used
• Birth date and Social Security Number of the person

**Out-of-County Information**

If you have committed felonies in other counties in the State of Ohio, contact the police department, sheriff’s department and county clerk of court in that community for information.

You can also get a “background check” on yourself. The Attorney General’s Office for the State of Ohio provides Ohio Civilian Background Checks. You can view all felonies reported to them throughout Ohio. Information on these checks is available in the following section.

There are also private companies that offer background checks. In some cases, these are less expensive than the Ohio Civilian Background Checks. Be sure to check with the **Better Business Bureau** at **216-241-7678** or [www.clevelandbbb.org](http://www.clevelandbbb.org) to get information on these companies before giving them money.

**Ohio Civilian Background Checks / State Criminal Repository Records**

For a record of your Ohio felonies that have been reported to the State Attorney General’s Office, you can request a civilian background check from the Ohio Bureau of Criminal Identification and Information. To do this, you must go to an agency that has an electronic fingerprint machine. Fees vary by location, but are usually around $30-$60.

To find a location near you, go to ohioattorneygeneral.gov. Click on “Services” and then “Background check.” You should call for more information before you go.
Be prepared with the following:

- Payment (often must be cash or money order)
- Your phone number
- Your mailing address

**Birth Certificates**

A certified (official) birth certificate is a very important document that you should have. It is often required when applying for a State ID, driver’s license, marriage license, passport, school enrollment, or to access other benefits. A certified birth certificate will generally have a raised, embossed, impressed or multicolored seal. Non-certified copies are not acceptable for legal purposes.

Write or visit the vital statistics office in the state, city or county where you were born. Often these offices will be part of the health department, but not always. The library can help you locate information for the city, county or state you need.

Fees vary, but in Ohio, you can expect to pay around $15-20. If you cannot pay for this, a social service agency may be able to help. If you are already working with an agency, ask them for assistance.

There are some places that may help you get your Birth Certificate even if you are not working with them, but the availability may change from month to month. You can call 211 or 216-436-2000 to see what help is available.

County and local offices usually process requests quicker than the state offices. The fastest way to obtain a birth certificate is in person (same-day). If you request it by mail, it may take 3-8 weeks from the time the request is received. Some offices may allow requests by phone with a credit card.

Services on the Internet such as www.vitalcheck.com can expedite delivery (7-10 business days) and can help you get out-of-state birth certificates, but you must pay by credit card and the cost is higher.

**Be prepared with the following information to get your birth certificate:**

- Your full name and your gender (sex)
- Your father’s full name (if available)
- Your mother’s maiden name
- Your month, day and year of birth
- Place of birth (city/county/state; name of hospital, if known)
- Telephone number
- Address where it will be sent (if mailed)
- Notarized sworn statement (California only)
- Photocopy of picture I.D. if necessary (not required in Ohio)

Credit Reports

A credit report is a detailed history of how you pay your bills (whether they are on-time or late) and how you manage your debt, loans and credit. In addition, public information such as judgments, bankruptcies and delinquent child support payments are included.

You should review your credit report periodically to make sure everything is accurate. It is not unusual for mistakes to occur, and you want to take care of those so they don’t affect your ability to get a job, rent an apartment, buy a home or get a credit card. Landlords, employers (with your permission) and others with legitimate business purposes can get a copy of your report.

The report may include a “credit score,” which is a number that is used to predict how credit-worthy you are. The higher the score, the better. You may benefit from talking with a credit-counseling agency if you think you need help managing your credit. Here are helpful things to know:

- There are three companies (TransUnion, Equifax and Experian) that maintain credit reports and each company may have different information.
- You can get a FREE copy of your credit report once every 12 months (ONLY through the Annual Credit Report Request Service). You can request all three reports at once so you can compare them, or you can space them out so you can keep track of changes - as long as you don’t request the same report more than once in a 12-month period. However, your free copy does not include your credit score.
- You can also get a free copy of a report that was used to take an “adverse action against you” such as denying you employment, credit or insurance, as long as you request it within 60 days of receiving notice of the action. The notice will give you the name of who to contact to get the free copy.
- If you are unemployed and intend to apply for employment in the next 60 days OR you are on welfare, you can also get a free copy of your credit report.
- If you find something that is wrong on your credit report, contact BOTH the company that produced the credit report and the company that provided the original information (such as a credit card company) to dispute the information.
- Generally, if you dispute something, the credit reporting company must begin to investigate it and make a note in your file or delete the error within 30 days of receiving your original request. They don’t have to FIX the error within 30 days, just note that they are working on it.
- If you think you would benefit from credit or budget counseling, or you need help understanding your options, contact one of the nonprofit agencies listed on page 75.
To get a FREE copy of your credit reports once every 12 months, contact the following. DO NOT call any other advertised service; they are usually trying to get money out of you, even if they say it is free.

**DD-214 (Military Discharge Papers)**
DD-214s are official discharge papers. This is proof that you were discharged from military service.

If you do not have a certified copy of your DD-214, it is important that you get and keep a copy. You may need a DD-214 to access many services available to veterans.

**To get a copy of your DD-214:**
Contact the National Archives and Records Administration and ask for form SF-180. You will need to complete the form and send it back by mail or fax. A written request may be sent without the form, but you should phone first to receive more information. You may also initiate your request through the Web site archives.gov. Usually, copies of DD-214s are free.

Driver’s License / State ID

DRIVER LICENSE SUSPENSIONS
If you want to make sure that you have a valid Ohio driver’s license or you want to know what suspensions or blocks you have on your license, call the Ohio Bureau of Motor Vehicles (BMV). They can give you information by phone, you can visit in-person, or you can request that they mail you a summary letter which lists all suspensions and/or blocks and the fines that you owe to remove these.

If you need to have your license reinstated (get your license back) and you are eligible, you can do this by mail (takes 7-10 business days) or in-person. In-person is faster, but call first to make sure you bring the correct documents. If your license was suspended because you did not pay child support, you must pay what the Child Support Enforcement Agency requires before you can get your license reinstated. See page 8 for detailed information.

There is also usually a fee to reinstate your license and that will vary depending on the number and type of offenses. There is no agency in Cuyahoga County that generally pays the reinstatement fee. The Reinstatement Center in Cuyahoga County is listed below.

DRIVER’S LICENSE RENEWALS/DUPLICATES/NEW LICENSES
If you need a duplicate copy of your license (because your license was confiscated or lost), a new license, or you need to renew your driver’s license, contact the Ohio Bureau of Motor Vehicles. If your license has been expired for more than six months, you will need to purchase the temporary packet and retake the driving test.
If you have a Release Identification Card (see page 56), you can use this as the only form of ID needed to get a driver’s license (as long as there are no conflicts between what is on the card and what is on the BMV record). If you do not have the card, you must provide proof of the following: full legal name, date of birth, social security number, proof of residency, and citizenship or legal alien status. Several forms of documents are acceptable. Visit the Web site or call for a list of acceptable documents.

Current fees are: Temporary Instruction Permit: $22; Driver’s License Renewal: $25.75; Duplicate Driver’s License: $24.50.

You can walk in to any license agency for service. There are many locations in Cuyahoga County. The downtown location is listed below.

**AUTOMOBILE INSURANCE/CAR INSURANCE**

In Ohio, it is illegal to drive any motor vehicle without insurance or other financial responsibility (FR) proof. It is also illegal for any motor vehicle owner to allow anyone else to drive the owner’s vehicle without FR proof.

If you are asked to show proof of insurance or financial responsibility and cannot, you will lose your driver’s license for at least 90 days for the first offense (work privileges are available after 30 days in some cases), and you may face other penalties.

This agency offers a “Shoppers Guide to Automobile Insurance” under publications on their web site that may be helpful.
**STATE ID**

If you do not have a valid driver’s license, you can apply for a State ID Card. There are two forms of a State ID — temporary and permanent. If you have a suspended driver’s license and you plan on driving again, ask for a temporary ID. If you get a permanent ID, you’ll have to re-take the exam if you want to drive again. An application for a permanent State ID will cancel out your driver’s license. Make sure you know the status of your driver’s license before you apply for a State ID.

If you have a Release Identification Card (see below), you can use this as the only form of ID needed to obtain a State ID. If you do not have that, you must have two documents to obtain a State ID: one that verifies your name and birth date (like a certified birth certificate) and another that proves your Social Security Number (such as a Social Security Card). Several forms of documents are acceptable. Visit the Web site or call for a list of acceptable documents.

The current fee for a State ID is $8.50. You can walk in to any license agency for service. There are many locations in Cuyahoga County. The downtown location is listed below.

**Prison Records**

**RELEASE IDENTIFICATION CARD**

A free, non-replaceable photo ID will be given to you on the day of your release if you have a Social Security number that can be verified by the Social Security Administration. The card will include your birth date and Social Security number. You can show this card to the Ohio Bureau of Motor Vehicles as documentation to get a State ID, temporary permit or driver’s license. However, you still have to pay the cost of getting the license, permit or State ID.

**RELEASE PAPERS**

If you do not have to be supervised when you are released - called “straight release,” then you will receive a document called Expiration of Sentence. It is also known as an Expiration of Stated Term. It proves that you are no longer under the supervision of the Ohio Department of Rehabilitation and Correction. Keep this document.
If you have to be supervised, then you will receive a Parole Certificate or a Post Release Control Certificate informing you of who your parole officer is and where you should report. For more information on Parole / Post Release Control, see page 78.

CERTIFICATION OF INCARCERATION
If you lose your release papers or you just need to verify your release from prison and/or the dates of your incarceration, the Ohio Department of Rehabilitation and Correction can provide that paperwork. This service is free. Requests generally take 10-14 days to process.

- Name of the institution where you received the training
- Year you received the training (if remembered)

Although completion of your GED is noted on your inmate educational transcript, some employers or schools may want a copy of your GED transcript from the Ohio Dept. of Education. That transcript is free if you note on the top of the form that you were incarcerated when you received your GED and you note which institution. You can get a free copy only once, after that there is a fee. To receive a free copy, you must order by mail rather than on the Web site.

Call and request that they mail a form or print the request from the Web site. You cannot fax requests. Once you submit your request by mail, it takes up to two weeks to process.

INMATE MEDICAL / MENTAL HEALTH RECORDS
When you are provided with health or mental health care while in prison, these services are noted on paper. That is your medical record.

Only a licensed doctor or a lawyer can request your medical record, and only with your permission. You cannot request your own medical record. The Social Security Administration and the U.S. Department of Veterans Affairs may also request a copy of your record because they have licensed doctors on staff.

A copy of the record is free and it will come in the form of a CD. You are only allowed ONE request per patient/client in a 12-month period. Requests generally take 10-14 days to process.

All requests must be in writing on official letterhead and must include the following:

- First and last name of the patient/client
- Inmate number or both Social Security number and birth date

RECOVERY SERVICES - RECORDS

If you participated in an alcohol and/or other drug recovery program while in prison, and you need a record of this, you may contact the Ohio Department of Rehabilitation and Corrections. The procedure to request your records is the same as requesting a Certification of Incarceration (see page 57).

Selective Service Registration

The Selective Service System is the agency of the United States Government that exists to register men who could be asked to help the Military in a time of war or other national crisis. Almost all male U.S. citizens, and male aliens living in the U.S., who are age 18 through 25, are required to register. Eligible people are automatically registered when issued a driver’s license or State ID. Registration forms are also available at post offices or online. Registration is free.

When someone reaches age 26, they can no longer register. If they were born on or after January 1, 1960 and did not register before they turned 26, they may be ineligible for certain Federal benefits, including U.S. citizenship, job training programs and student financial aid. However, they can still get a driver’s license or State ID in the State of Ohio.

It is important to know that someone who fails to register cannot be denied any benefit if he can “show by a preponderance of evidence” that his failure to register was not knowing and willful. The final decision regarding eligibility for programs is made by the agency granting the benefit, not the Selective Service. Some agencies may have an appeals process.

Agencies may ask you to provide an official response from the Selective Service regarding the fact that you did not register before age 26. In that case, it is possible to request a “status information” letter. You will have to describe what stopped you from registering and provide documents showing periods that you were incarcerated, hospitalized, etc., between your 18th and 26th birthdays. Processing time for this document may take up to 90 days.

Social Security Number / Card

A Social Security number is important because you need it to get a job, open a bank account, get credit, collect certain benefits and receive some other government services.

If you have never applied for a Social Security number before and you are age 12 or older, you must apply in person at a branch office. If you have a Social Security number, and you just need a replacement card, you can do this by mail or in person.

This service is free, but you will need certain ORIGINAL documents (or copies “certified by the custodian of record”). The documents you will need depend on your status and what you are requesting. Call or visit the Web site before you apply so that you know exactly what documents you need. A copy of the application is available on the Social Security Web site.

It may take anywhere from 10 days to several months to process your application depending on your status. A U.S. Citizen from Ohio can usually expect the process to take 4-5 weeks.

Expungement of Adult Criminal Records

Expungement is the sealing of a criminal record (convictions, acquittals, dismissals, etc.). If your record is expunged, you don’t have to tell people that you have been convicted, arrested, or charged when you apply for most jobs or housing. However, your expunged convictions can still be seen by certain employers and law enforcement agencies and your fingerprints will not be sealed. The expungement process can take 6-8 months. It is up to a judge whether to grant your request.

ELIGIBILITY FOR EXPUNGEMENT OF CONVICTIONS

• Expungement of convictions is only for first time offenders with no charges pending and no arrest warrants. If two or more convictions are connected with the same act, they may count as one conviction. Three offenses that occurred within a 90-day period and were tried at the same time may count as one conviction.

• People who have committed certain crimes are not eligible for expungement. Those crimes include, but are not limited to, sexual crimes, first or second degree felonies, crimes committed while armed, felonies involving a minor, convictions with a mandatory prison term, motor vehicle crimes (including DUIs), and crimes of violence except for a simple misdemeanor assault.

• For felony convictions, you must wait at least three years from the time you are off probation, parole or straight release and after all court costs and any fines, restitution or community service have been paid or completed. However, if all you have left to pay are court costs (you’ve paid your restitution and fines), you might qualify for expungement.

• For misdemeanor convictions, you must wait at least one year from the time you were convicted and after all court costs and any fines, restitution or community service have been paid or completed. However, if all you have left to pay are court costs (you’ve paid your restitution and fines), you might qualify for expungement.
ELIGIBILITY FOR SEALING RECORDS OTHER THAN CONVICTIONS

- You do not have to be a first-time offender to get a dismissal, finding of not guilty (acquittal) or nolle sealed from your record. There is no waiting period. You can apply right away. However, if you have more than one conviction, the court may not seal the record.

- If you were indicted and the Grand Jury returned a no bill, you must wait two years to file. You do not have to be a first-time offender to file.

- If you successfully completed a Diversion Completion or Treatment in Lieu of Incarceration program, there is no waiting period. You can apply right away.

- If you were arrested and released (no court was involved), you do not need to file for expungement or record sealing with the court. You can write a letter to the chief of police or head of the law enforcement agency that arrested you and request that he or she remove or seal your arrest record. You do not have to be a first-time offender to request this. However, whether your request is approved is up to the discretion of the chief.

GETTING HELP WITH EXPUNGEMENT

You file your motion for expungement in the court where you were charged. For example, if you were charged with a felony in Cuyahoga County, your expungement paperwork would be filed with the Cuyahoga County Clerk of Courts.

It is recommended that you file for expungement with the help of an attorney. If you cannot afford one, you may be able to get help from the following organizations. Remember to ask them about filing a “Poverty Affidavit” form. This form requests that the court waive the filing fee, which is usually $50-$100.

Make sure you keep a copy of all paperwork that you complete.

Helps people complete the paperwork to expunge convictions from cases processed through Cuyahoga County Common Pleas Court. This office will help determine if your offense is eligible for expungement. In most cases, you file the paperwork “pro se” (on your own - without an attorney). However, if you successfully completed a diversion or selective intervention program, they may actually be able to represent you. Walk in for assistance or call and they will mail you a packet. Once forms are completed, you will be directed about how and where to file.

Legal Aid Society of Cleveland 216-687-1900

www.lasclev.org
Helps with expungement of misdemeanor convictions for those with incomes at or below 125% of the Federal Poverty Guidelines. Currently (2011), this is approximately $13,000 a year for a family of one and $28,000 a year for a family of four. However, they will consider people with incomes up to 200% of the Federal Poverty Guidelines. Will not help expunge a felony conviction.

Expungement and Sealing of Juvenile Records

You file for expungement or sealing in the court where your case was handled. In Cuyahoga County, this would be the Cuyahoga County Juvenile Court. Expungement means that your record is destroyed and it is like you never had one. Sealing means that your record is “hidden” and that most people/organizations cannot see your record, but there are some exceptions.

- If your case was dismissed, or you were found not delinquent, you would apply to have your record expunged.

- If you were found to be delinquent, unruly or a juvenile traffic offender, you would apply to have your record sealed. You have to wait at least two years from the termination of the court order or your unconditional discharge from the Ohio Department of Youth Services in order to apply. There is a fee.

- After your record has been sealed, it will automatically be expunged after a five year period or upon your 23rd birthday (whichever comes first). However, you can apply to have your record expunged at any time after it is sealed. If you are already 23 when your record is approved to be sealed, it will automatically be expunged.

- You cannot seal records for the following crimes: rape, gross sexual imposition, sexual battery, aggravated murder and murder.

- It is recommended that you seek assistance from an attorney.

**Waiving Court Costs, Fines and Supervision Fee**

During your sentencing, you have the right to ask a judge to remove the court costs, discretionary fines and the supervision fee that resulted from your criminal case. You can’t request this waiver once you have been sentenced. This process is for those who are poor and cannot afford to pay these costs. The judge has the right to say yes or no, and may request that you do community service (volunteer) to pay off these fines and costs. You cannot request a waiver of the restitution fees you had to pay your victim or for any mandatory fines.

**Executive Clemency**

Executive Clemency is granted by the Governor of Ohio. Applications for clemency are processed through the Ohio Parole Board. Requests for clemency generally take six to eight months to process. There are three types of Executive Clemency:

- A pardon grants forgiveness of guilt. A pardon does not erase or seal your conviction. If granted, you will get a certificate from the Governor. This certificate may be helpful in getting a job or in other areas. It also reinstates your civil rights and privileges. A pardon is generally requested by those who have served their time, are no longer under supervision and are now living crime-free. However, anyone may apply.

- A commutation is the reduction of a penalty to one less severe. Commutations are generally requested by inmates serving extremely long minimum or definite sentences.

- A reprieve is the temporary postponement of the execution of a sentence. This is rarely used except for inmates sentenced to death.

All requests for an application for clemency must be made in writing (email, fax or mail). Submit your name and address along with your request. It will generally take 7-10 days to process/send you an application. You may also obtain an application by going to www.drc.state.oh.us/web/ExecClemency.htm

Mailing Address / Voice Mail / Phone

Mailing Address

The address where you have your mail sent to is called your mailing address. Most people use the address where they live as their mailing address. If you do not have a permanent address or think you may be moving a lot, you should establish one place to pick up your mail. A few options are listed below.

- Check with the shelter, halfway house, transitional housing or other residential facility where you are living to see if they will allow for your mail to be sent there.
- The following places will let you use their address as your temporary mailing address. You can have your mail sent there and they will keep it for you until you can pick it up. You must arrange for this service before you have your mail sent there.
  
  Bishop Cosgrove Center 216-781-8262
  West Side Catholic Center 216-631-4741

- A post office box (P.O. Box) is a locked box located on the wall in the post office where your mail will be delivered. A key to open the box will be given to you. Only you will have a key. You will have to go to the post office where your box is located to pick up your mail. Some items such as packages may not be sent to a post office box. There is a monthly fee for a post office box. The smallest box will cost around $22-$30 for six months.
- To apply for a post office box, you will have to walk-in to the post office branch where you would like your mail sent. Before going in, it is best to phone first to find out if boxes are available at that location. To find the address, phone number and hours for your local post office, phone 800-275-8777 or go to www.usps.com.

Free Voice Mail

If you do not have a telephone or a place where telephone messages can be left, you can apply for a free voice mail box. This allows you to communicate with others regarding interviews, job offers, housing opportunities and other important business. You will be able to record a personal greeting for people who call you, and pick up your messages on a twenty-four hour basis.

Cleveland Community Voice Mail dial 211 or 216-436-2000.

Phone

If you are homeless, the drop-in centers listed on page 13 may have a phone available for your use. If you are renting or own a home and are low income, ask the phone company about a program called “Lifeline or Link Up” for discounted service.

You may be eligible for a program that provides a cellphone with very limited monthly service called Safelink. Phone 800-977-3768 or go to safelinkwireless.com
Mental Health / Counseling

MENTAL HEALTH / COUNSELING

Mental health deals with how your brain functions and with your emotions and feelings. It deals with how you interact with others, how you react to change or stress, and your self-esteem.

People who need help from mental health professionals may feel depressed, angry or not able to cope with parts of their lives. Or, they may simply need to talk to someone about a life problem.

If you are diagnosed with a mental health issue while in prison, you will meet with a Community Linkage Social Worker before you are released. This social worker will make an appointment for you at a mental health agency in the community. If you are taking medication, the institution you are leaving will provide you with a two-week supply upon release.

If you have not been diagnosed in prison, and you are reading this after your release, the following may help:

• If you feel out of control or suicidal, seek help right away. Call Mental Health Services–Crisis/Suicide Hotline at 216-623-6888. Remember to call 911 if your situation is life-threatening or a medical emergency.

• If you need someone to talk to, Spectrum of Supportive Services has a warmline where recovering mental health consumers will listen and provide assistance. Call 440-886-5950 between 9am and 1am.

• If you have a doctor, talk to him or her about a referral to a mental health professional.

• If you have health insurance, call the company. Some or all of your treatment, including prescriptions, may be paid through your insurance. If you are on Medicaid or Medicare, make sure you understand what is covered. Go to a professional that accepts Medicaid or Medicare. If you do not have Medicaid or Medicare, you may want to apply. See page 27 for information.

• If you are having trouble dealing with anger, personal issues, stress, depression, trauma, sexual abuse, or other mental health issues that are getting in the way of work, relationships, or daily activities, you should seek help.

The SCALE program offers mental health assessments (to see what help may be needed) to those who do not have insurance and are not already in treatment. Call 877-236-8676 to see if you qualify.

There are many other places that offer treatment, counselors, and support groups that can help you sort things out. Call 211 or 216-436-2000, 24 hours a day for information and referrals to places that offer these services.

Money Management

MONEY MANAGEMENT

If you have a history of managing your money well, you may have a better chance of getting a job, a car, a house and other things. Managing your money means paying your bills on time, sticking to a budget, building good credit and staying out of debt. A list of organizations that can help you manage your money appears at the end of this section.

Checking and Savings Accounts

Your first step when you have an income is to open up a checking account. This is a bank or credit union account that allows you to write checks and/or use a debit card so you can pay your bills easier. It also helps protect your money from being lost or stolen.

- Open an account with a bank or credit union close to your work or home.
- Aim for a free checking account that has no minimum balance (the amount of money you have to keep in the account to get the service), low initial deposit and no monthly fees.
- Some banks have “second chance” programs for people who have been turned down for checking accounts before and are listed in ChexSystems (for writing bad checks, having lots of overdrafts, etc.) There may be a minimum amount you need to deposit and other restrictions, but this may be a very good way to get a checking account.
- Some nonprofit organizations may help you open an account or help you save. See page 75 for a list of organizations.

To open an account, just walk into the bank. You will generally have to provide:

- Your first and last name and address
- Social Security number
- Driver’s license or State ID
- If your driver’s license or State ID was issued in the last 60 days, you may need verification of address such as pay check stub, recent utility bill or other official correspondence (SSI, unemployment, etc.) with your name and current address.

Thrift Stores may offer used furniture (such as beds, tables and couches) and other household needs at low cost. There are few places offering free furniture. Phone 211 or 216-436-2000 to see what programs exist or to find a nearby thrift store.
Budgeting

As soon as you have income coming in, you should create a budget to help you pay your bills. A budget lists all of your expenses and how much you can spend on each item such as rent and food.

Try to go easy on your expenses until you can establish that you have enough money to pay for everything. Don’t buy new cars or expensive clothes, don’t spend a lot of money going out to eat, don’t buy extras like cable/DISH and watch your phone expenses until you know you can afford it.

Pay your bills before you spend money on things like clothes and entertainment.

- Make a list of all the bills you have to pay and the dates they are due.
- If you are paying your bills by mail, mail them at least one week before the due date.
- Don’t pay attention to “grace periods.” Just make it a habit to pay your bills at least a week before the due date.
- Make paying credit cards or bank loans (including car loans) a high priority. Nonpayment can affect your credit.
- Paying your rent or mortgage should also be a priority.
- Stay up to date on your insurance.
- Stay current on your utilities.
- Work with an agency that will help you budget. See page 75 for a list of organizations.

Debt

If you are having trouble paying your bills, there are agencies that can help you set up a budget and work with your creditors to arrange payment plans. There are even agencies that can help with a gambling problem if that is what is causing the debt. As soon as you sense you are having a problem paying your bills, contact one of the organizations listed on page 75.

Credit

When you buy things using “credit,” a company gives you a loan that you are promising to pay back a little at a time. You are borrowing someone else’s money. When you get a loan to buy a car, you are using credit. When you buy something at a department store using a credit card, you are also using credit.
Money Management

It is important for you to build a good “credit history” if you ever want to get a home loan, auto loan or get good interest rates on your credit cards. A credit history is simply a record of how you use credit.

There are people who have a bad credit history because they do not pay their bills on time, and there are people who have no credit history because they never had any loans or credit cards.

If you have never had any credit, it is very important to start building your credit history. Without a credit history, it may be hard to get a car, a job, rent, or start phone service and other services. You may be turned down or you may be asked to pay a high interest rate. The interest rate is the amount you are being charged to borrow that money.

Tips on Building a Credit History:

• Before you apply for credit, make sure you have steady, verifiable income.

• Try to stay at one job and live at one address for as long as you can.

• Before you apply for any credit card, make sure that the lender reports to a credit bureau. If not, you will not be building your credit history!

• Get a card with NO ANNUAL FEE if possible.

• Watch out for high interest rates. Shop around for the best rates before you decide to apply. READ THE FINE PRINT.

• If you think you cannot get a credit card on your own, think about getting a co-signer – someone who will be responsible for paying off the card if you don’t.

• Open a bank account. This makes you look better to a lender. If you need more information about this, see page 72.

• Only apply for the credit cards whose requirements you think you meet — there are usually minimum income requirements. Getting turned down a lot looks bad.

• Don’t apply for a bunch of credit cards at once or obtain more credit cards than you truly need.

• Secured credit cards are a last resort, but are an option. These cards require you to pay a deposit to get the card – the deposit could be a few hundred dollars. If you don’t make your payments, you may lose your deposit AND still have to pay your balance. These cards often have fees and higher interest rates. Try to find the lowest fee you can. After a few months of making payments on time on the secured credit card, you may be able to get a regular credit card.
Maintaining Good Credit:

- To avoid paying a lot of interest, it is best to pay off the balance in full and on time every month.
- At the very least, you must pay the minimum payment in full and on time every month.
- Don’t pay attention to “grace periods.” Just make it a habit to pay your bill at least a week before the due date.
- If you think you need help understanding your options or you need help managing your credit, contact one of the organizations listed below. There may be a fee for some services.

**Income Taxes**

The money you make, such as your inmate income or money you earn on a job, may need to be reported to the government. There are federal, state and local government taxing agencies. At the end of each year, you may be required to “file” a tax return with each agency. It is the law that employers and others mail out the documents that you will need for your tax returns by January 31st of each year. The W2 form is the most common one of these forms.

You may not be required to file certain tax returns if your income is very low or in some other situations. However, you may want to file just to see if you can get money back — a tax refund.

There are free programs to help you file if you make less than $60,000 per year (2011 tax year). These programs will do your taxes for you. They will not force you to file. Many sites offer both paper filing and free electronic filing (E-File) which allows you to receive your refund fast — in as little as 7-14 days. If you have a checking or savings account, you can have your return deposited directly. To locate a free tax preparation site in your area, dial **211 or 216-436-2000** 24/7 for help.

Watch out for places that offer you an immediate refund. These refunds are actually loans called Refund Anticipation Loans (RALs). They could keep as much as half of your refund as a fee. And, if your refund is less than they thought, you could owe them money. Remember, there are free tax preparation sites available to you.

If you did not come out of prison on “straight release,” then you were probably told you had to report to a parole officer. You would have received a Parole or Post Release Control Certificate informing you of who your parole officer is and where you should report.

Within the Cleveland region, the following agency is responsible for investigation and supervision services. They are responsible for people on parole — which means release from prison before your sentence expires, and those on post release control — which means supervision after your sentence is over. Post release control can only be mandated for crimes committed after July 1, 1996.

You are responsible for reporting to your parole officer according to the conditions of your supervision. This includes letting your parole officer know of a change in employment or where you live. If you want to move out of Cuyahoga County, you will have to discuss the transfer request with your parole officer before you move. The county that you want to move to has to approve the transfer.

TRANSPORTATION

Contact a friend, family member, or other person you know to pick you up from the institution when you are released. If you have no one to pick you up, the institution will take you to the nearest bus station.

From there, if you don’t have someone to pick you up, you will have to buy your own bus ticket to wherever you need to go. If you have no money, the institution will buy a ticket for you, but this has to be arranged BEFORE you leave the prison.

Formerly incarcerated people are allowed to vote in the State of Ohio even if they have a felony conviction, as long as they meet all other general eligibility requirements for voting (U.S. citizen, age 18 or older on the day of the election, meet residency requirements, etc.)

People who have never voted before need to register before they can vote. Those who were incarcerated due to a felony conviction need to re-register to vote, even if they have registered before. Also, people who have not voted in recent elections and/or have moved should check with the Board of Elections to see if they need to re-register.

Be prepared to have the last four digits of your Social Security number or your driver’s license number handy when you register (this will prevent you from having to send in additional paperwork), as well as your permanent address. You will need to register at least 30 days before the election. Registration is free.

Voter registration forms are available at libraries, Bureau of Motor Vehicle offices, County Boards of Elections and other locations.

PRC - Prevention, Retention, Contingency

This program provides aid to families in the form of a voucher to buy items or pay for services that are emergencies and non-recurring (a situation not extending beyond four months) and which cannot be addressed using existing community resources. This program is generally for families at 200% or less of the federal poverty guidelines with at least one minor child. Applicants must also show a change in circumstance that caused the need for assistance.

In general, PRC can help those who fall into at least one of the four following categories, but you will want to phone the agency below for more specifics:

1. Families needing help to seek, begin, or maintain employment or those who are enrolled in an approved college program
2. Those who need rent or security deposit help and who have evidence of a court proceeding or lead poisoning in the home.
3. Those involved with the Department of Children and Family Services, Department of Senior and Adult Services (including relative caregivers), a domestic violence program or homeless program who are establishing a household.
4. Families impacted by a fire or state declared disaster

If you have a case manager, ask him or her about this program. If you do not have a case manager, call the following agency to get a referral to a Neighborhood Family Service Center in your neighborhood. Certain ZIP codes are assigned to each center, so it is best to call to ensure you are going to the correct center. Families can pick up the application on-site or may apply over the phone.

Federal Poverty Guidelines

Each year, the Federal government establishes guidelines for what it considers poor. These guidelines are used to determine eligibility for certain social service programs such as Head Start, Food Stamps, WIC and others. You may hear about this if you apply for benefits.

The guidelines below are for 2011. Agencies that use these guidelines to determine eligibility for their services may be using the current or former year’s guidelines. The table below represents 100% of the Federal Poverty Guidelines. Some programs state that you can qualify up to 200% of the Federal Poverty Guidelines. For those programs, just double the amount listed below to get the income cap. Other percentages are also possible (such as 150% or 133%).

**Supplemental Security Income (SSI)**

and **Social Security Disability (SSD)**

- SSI provides payments to people with limited income and resources who are age 65 and older, blind or disabled.

- SSD pays benefits to disabled workers and their families. To be eligible, you must be disabled and must have earned a minimum number of credits from work covered under Social Security. The required number of credits varies depending on your age at the time you become disabled.

- To qualify as disabled, you must be unable to do any kind of substantial, gainful work “due to a physical or mental disability that is expected to last at least 12 months or result in death.”

- You are not eligible to receive SSI benefits for any full calendar month you are in prison.
Welfare / Public Income Benefits

- Social Security has a pre-release procedure you may use to apply for SSI benefits while still in prison. It is not available at all facilities. Check with your case manager at the prison.

- It may take a while to get your benefits. It could take six months or longer. For information and the number of a branch near you contact:

  U.S. Social Security Administration 800-772-1213
  www.socialsecurity.gov

Social Security Retirement Benefits

- If you are age 62 or older and have worked enough under the Social Security System, you are eligible for Social Security retirement benefits.

- Working “under the table” does not count towards your work requirement for Social Security. You might want to keep this in mind when you are looking for jobs.

- You can receive this financial assistance in addition to unemployment compensation (although it may affect your unemployment benefits).

- You should apply at least 3 months before you want benefits to begin.

- If you choose to receive benefits before age 65, you will not be eligible for Medicare (health insurance) until you turn 65 or unless you qualify based on disability or certain health conditions.

For information and the number of a branch near you contact:

  U.S. Social Security Administration 800-772-1213
  www.socialsecurity.gov

Unemployment Compensation

Unemployment Compensation provides financial assistance for those who have been laid off and who are currently unemployed through no fault of their own. To qualify, applicants must have worked at least 20 weeks and earned an average of at least $213 a week during the past year.

- Eligible workers receive up to 26 weeks of basic benefits - but those laid-off as the result of foreign competition can receive extended benefits known as Trade Readjustment Allowance (TRA). Sometimes benefits are extended by the government if the unemployment rate is high.

- Apply for Unemployment Compensation immediately after losing your job. This may help you receive the maximum benefit amount and it may be several weeks until you receive your first check.
If you are denied benefits, you have the right to appeal.

You may work and collect unemployment at the same time. However, working may reduce your payment.

**REINSTATING YOUR BENEFITS**

During your time in prison, your veterans’ benefits may have been stopped or reduced. After you are released from prison, it may be possible for you to start receiving your veterans’ benefits again.

In general, to receive benefits you must have been discharged from military service under honorable or general conditions. No veterans’ benefits are provided to veterans or their dependents that are wanted for an outstanding felony.

To find out if you can start receiving veterans benefits again, you will have to notify (in writing) the U.S. Dept. of Veterans Affairs that you have been released from prison and that you would like to have your veterans’ benefits reinstated.

Make sure to include in your letter:

- Your name
- Social Security number or VA claim file number,
- Address and phone number where you can be reached
- Your signature and date
- A copy of your prison release papers

Before sending the letter, you may phone for more information.

Going Home To Stay: A Guide for Successful Reentry was created for men and women coming out of prison who are returning to Cuyahoga County. This guide gives practical information about how to prepare for release, and the steps to take to begin a new life outside of prison. It provides information about services such as health care, housing, clothing, legal assistance, employment and other programs that are available to help people reenter the community successfully.

The process of reentry is about making change and having the information needed to be successful. This book offers guidance on topics that are important for us all to be successful – getting a job, building credit, registering to vote, getting an education and connecting with our families and communities.

Going Home To Stay is the result of talking and working with many successful and determined men and women who have served their time in prison. They have returned to Greater Cleveland and have made a new life for themselves. They share their ideas in this booklet.
